

Bradley

Stephen is a one-year-old preemie who spent the first three months of his life in the hospital. His older brother Sean is an energetic two-year-old. They have a loving, single mother. She works part-time and is going to school. She is only able to meet their basic needs on her income, so she would like some help this holiday season to provide her boys with a nice Christmas.

Name	Gender	Age	Size	Wish List
