Aaron and Conner are 8-year-old twin boys who have been in kinship foster care with their grandmother since their mother lost housing. Aaron and Conner are energetic and enjoy spending time outside. Mother now has housing and is the proud mom of a beautiful 3-month-old baby girl named Ella, who is in her care. Mother is working hard with Project STAR to bring her two boys home. Mother would appreciate any help she can get to provide her children with a happy Christmas.
