

Samuels

Jo and Tristen are teenage parents to their infant child, Amber. They are currently living with family as they care for their infant daughter. They are trying to learn how to balance going to high school, taking care of an infant, and working. Jo is learning about cosmetology and Tristen is learning about construction to attempt to learn a trade to take care of their daughter. They would appreciate any help in their journey.

Name	Gender	Age	Size	Wish List
